

MailerTemplateProvider

```
classDiagram
    class MailerTemplateProvider
    class BladeMailProvider
    class TwigMailProvider
    MailerTemplateProvider <|-- BladeMailProvider
    MailerTemplateProvider <|-- TwigMailProvider
```

The diagram illustrates a class hierarchy. At the top is the 'MailerTemplateProvider' class. Below it are two subclasses: 'BladeMailProvider' on the left and 'TwigMailProvider' on the right. A horizontal line connects the two subclasses, with a vertical line and an upward-pointing arrow from the center of this line to the bottom of the 'MailerTemplateProvider' box, indicating that both subclasses inherit from the parent class.

BladeMailProvider
